

PRODUCT DATA SHEET

PRODUCT NAME: Easi-Slide Silicone

PRODUCT CODE: FF105

INS Registered H1

Excellent for use on rubber, plastic, metal, wood and fabrics, FF105 offers superb light lubrication in a wide variety of applications within food and non-food industries.

Ideal non-stick mould release agent and as an anti-weld splatter compound on plain metal surfaces. Effective surface polish for rubber, plastic and metal. Lubricates slides, bearings, conveyors, textile needles, food equipment and many marine applications. Water repellent for work shoes, gloves, etc. Temperature range up to 260°C. Ideal for use in food industry H1 approved for incidental food contact.

- ◆ Clean and non staining
- ◆ INS H1 approved for incidental food contact
- ◆ Anti-static and non stick
- ◆ Corrosion resistant
- ◆ Wide temperature range
- ◆ Colourless and non toxic
- ◆ Safe with food stuff

In addition to lubricating properties FF105 may be used to polish stainless steel and polished aluminium surfaces, Easi-slide will remove fingerprints and light moisture marks leaving a polished appearance. Caution should be used to ensure over-spray is kept to a minimum as silicone will leave floors (particularly tiled floors) slippery.

All grades of 350 cst silicone or higher are approved by the United States Department of Agriculture in accordance with the Code of Federal Regulations 21 CFR 178.3570, as set out by the Food and Drugs Administrations (FDA) Guidelines.

All ingredients are FDA listed FF105 EASI-SLIDE SILICONE SPRAY is INS H1 Registered and meets the USDA 1998 H1 guidelines
INS Registration No. 1795033
